

Music In Worship

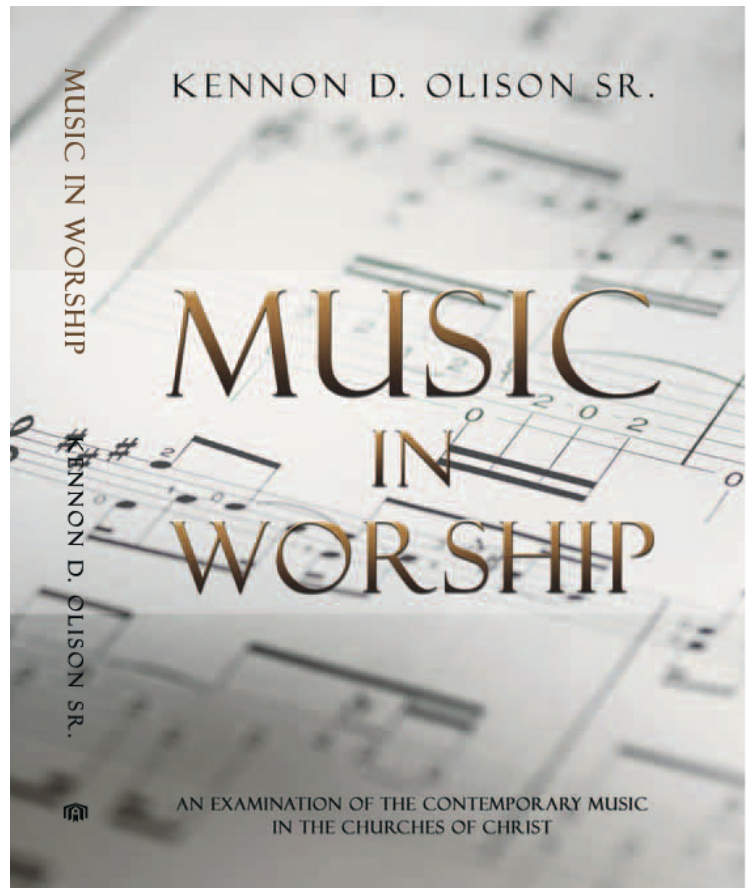

Beginning from the garden of Eden, all the way through the early church of Christ, study and examine the Liturgy of worship as designed by God.

Written without the "we are right" and "you are wrong" mentality, this study gives the reader an opportunity to learn what God has said without being condemned or judged for their religious conclusions.

It is the effort of this treaty to bring unity to a divided brotherhood in the churches of Christ, by presenting honestly the things God has said over these very controversial subjects.

What does God really say about handclapping, lifting holy hands, praise teams and multiple song leaders, and vocal bands? Are these really a matter of choice, or are they forbidden by the Lord?

This book examines these and many other concerns in great detail.
